CANS – FULL TRUCKLOAD QUANTITIES

Split Truckloads: If you are interested in getting truckload pricing but only need ~12-13 pallets of cans at a time, we may have the option to split the TL with another customer. Please reach out to angel@ironheartcanning.com for more information and availability.

Ship-From Locations: For all can sizes, if there are multiple ship-from locations, the cans will ship from the closest location to your delivery address.

12OZ CANS

For 12oz cans, 1 truckload = 204,225 cans.

Manufacturer	Liner	MOQ	Price/Can	Ships From	Lead Time
KJM	BPANI or Epoxy	1 FTL	0.1450	NH	4-5 weeks

Slim 6 pack	2 pallets (41,280 pieces)	0.1803	Variable	2-3 weeks

DEPOSITS FOR BULK SUPPLIES

Canning Customers: If you are canning with Iron Heart, our Finance team may evaluate a deposit amount that must be paid before your bulk order can be placed. Typically, this will be a 50% deposit toward the cost of the supplies.

Supply-Only Customers: If you are only ordering bulk or truckload quantities, but are not canning with Iron Heart, we will require full prepayment prior to placing your order. You will also be required to review and sign our **Supply-Only Payment Terms and Policies** document before we can place your order.

BULK & TRUCKLOAD DUNNAGE

Canning Customers: If you are canning with Iron Heart, our bulk and truckload supplies have no dunnage charges associated with them. Our teams will work with you to help pick up and return the dunnage from your facility. For cans, there will be a \$35/pallet handling fee. For ends, there will be an \$85/pallet handling fee. These fees go toward the cost of IHC collecting, storing, and returning your dunnage to our vendors. These handling fees are non-refundable.

Supply- Customers: If you are only ordering bulk or truckload quantities, but are not canning with Iron Heart, we will pass through all dunnage costs to you. If dunnage is returnable for credit, we will let you know at the time of ordering and instruct you on how to store your dunnage for pickup. If your dunnage is returnable for credit, we will send you a credit once your vendor has received the return and evaluated it.
